Marian remarked before she met Carol John's Step Sister and Sue Gareth's God Mother both also wearing extremely short nurses uniforms and no panties or bra's just like Marian, all three nurses head into the

Hospital.

Has they make their way up to the ward Marian remarked
'I don't know about you two but I am extremely fucking
horny and have been ever since I woke up and fucked John
Gareth then I fucked Tom in the back of the taxi has John drove
Tom home then I just had to give my John a blow job on the
platform of Briton Ferry Station on the way here!'

'And your still fucking horny!' Sue replied.

'No Fucking Wonder your such a bitch in heat Marian!' Carol
added

'Yes I am and I still need some fucking cock!' Marian remarked

'We all do!' Carol remarked.

Sue then adds 'Well if Malcolm is in today Marian will be soon fucking his big black cock!' referring to the black porter that some times hangs around the ward.

After putting their bags and coats in the staff room lockers the three females to wolf whistles and calls of get your fucking tits out from the male nurses and consultants in the staff room then head up to the morning ward team meeting. Once the meeting was finished Marian Carol and Sue head back to

Marian's office for a lesbo three way on Marian's desks.

Shortly after Carol, and Sue had left and Marian still extremely
horny had put her uniform back on Craig from the HR
department walked in with four male student nurses.

Chapter 5

Testing The New Student Cock

'Marian these four males are new student nurses so try and keep your uniform on around them for at least the first Day and for gods sake Keep Sue and Carol the two most notorious hospital bikes after you under fucking control as the HR don't need another incident with them two and the male student nurses caught screwing in a bed!' Craig remarked before turning to the four young males and adding 'Good luck to you and if any of you are still virgins I can tell you that with Marian

here and her two assistant skanks in uniform you wont by the end of the day!

Then turning back to Marian he remarks with a grin 'I am getting the hell out of here before you turn this meeting in to a 5 man gang bang for your self!'.

Now alone with the four young males Marian undid the bottom two buttons of the bottom of her uniform before heading around her desk and sitting on the edge legs slightly spread so that her uniform bottom had risen up flashing the four student nurses her thick black furry triangle.

'Jesus she has no panties on!' the four males remarked as Marian grinned.

'In this department the nurses both female and male are expected to go commando and the female nurses also do not wear bra's but only stockings and suspenders under their uniforms. Only male nurses are permitted to wear scrubs the female nurses must all wear short sexy nurses uniforms. If a male patient needs a sexual favour the female nurses give it to them unless their a fucking faggot. So if you find a bed with the curtains closed around them or a side ward with the curtains

closed and the door locked do not enter as a female nurse is giving pleasure!' Marian replied as she starts to undo her nurses belt and unbutton the rest of her nurses uniform.

'So lets see the size of your cocks!' Marian added as she stood in front of the Student Nurses in only her black stockings, suspenders, cap and shoes.

All four stripped off their scrubs and boxers which Marian picked up and then locked them in her draw adding 'If I catch you wearing anything under your scrubs again I will punish you by putting you across my knee and giving you a good spanking.

You can only get them back at the end of your rotation!

The four student nurses all line up In wanking their cocks ready for Marian to inspection.

'As Craig said If any of your are still virgins you wont be by the time I or my two fellow hospital bikes have finished with you!'

Marian then sinks to her knees to inspect each of the now hard cocks with her red glossy lips. Marian is soon putting her lipstick on their dipsticks eventually drinking their hot creamy cock custard before standing back up and making them put their scrubs back on while she put her own uniform back on.

Once they had dressed and Marian sat back down behind her desk and phoned the two nursing stations in the male wards and asked for Carol and Sue to come to her office.

Once Caroline and Sue were in Marian's office sat on chairs in front of her desk the four male student nurses standing behind them. 'Now the two worst bikes in uniform are here I want you two to show the new students around the male wards and that means not finding a empty store room or side ward and stripping off to fuck Carol plus I have already given them all blow jobs!' Marian remarked with a grin.

'Trust her to have all the pleasure of being first to put lip stick on their dip sticks and us two needing some cock!' Carol replied before blowing a kiss at her step brothers 2nd wife.

'Yes Carol Marian as all the perks with the male student nurses plus my black male police officer husband!' Sue replied referring to how she always seems to find Steve Sue's 2nd husband in bed or the hot tub Fucking Marian.

'Jesus fucking Christ will you two behave like nurses and not walking hospital bikes in uniform!' Marian remarked.

'No we will not and by the way Marian you are the worst bike in

uniform around here!' both Sue and Caroline reply together as they grab the four student nurses by the cock through their scrubs and take them out.

Now outside Carol kissed Sue 'Now for our real plan I will take two and find a empty ward and evaluate their cocks while you do the same with the other two then we report back on our findings to Marian at the end of the shift!' Carol remarks as she grabs her two between their thighs squeezing their rapidly hardening cocks.

Then the two nurses went their separate ways with their new male student nurses.

Chapter 6

Checking Up On the Student cocks

Then A Good Consultant Spit Roasting For Marian About midday Marian decided to see how the student nurses were doing so firstly went to see Sue and found them sitting at their station. 'Nice to see you behave your self for once Sue!' Marian remarked.

Hotel room just off the M4 as your husband watched from behind the camera filming her taking my black bulls cock!' Sue remarking referring to Marian taking Steve to a hotel just off the M4 near Cardiff for a night of fucking as John filmed then joined in.

'Marian and these two knew how to fuck and Jesus fucking Christ did they make me fucking cum multiple times!' Sue added before she and the two male student nurses got up then went to get some thing to eat in the staff room.

doing with her two.

When Marian got there she found only Debbie one of the nurses sitting there alone.

'Where is Carol and her two student male nurses I put with her?'

Marian asks already knowing the answer.

'She took them in to a empty side ward locked the door and pulled the curtains closed and that was two hours ago!' Debbie replied as Marian grinned.

'Fuck I told her no fucking the student nurses so I will have to go and join in!' Marian replied as she headed to the side ward

and unlocked the door with her own set of ward keys her pussy starting to get wet at the thought of a fucking. Even standing by the door Marian can hear Carol scream as one of the young male students pumped her hard up her ass while also taking the other one in her pussy.
